

Reinforcing Update

Edition #3

Welcome to our latest E-Newsletter!

Keeping you up to date on the latest news, products and developments at OneSteel Reinforcing! In this issue we introduce BLOCKAID and offer you a FREE download of our National Product and Services Catalogue.

NEW Reinforcing Steel Locator for Masonry Blockwork

To reflect our commitment to providing builders and construction companies with new and innovative products, OneSteel Reinforcing has introduced BLOCKAID. An easy to use plastic bracket, BLOCKAID is fitted to the top of the masonry block to securely locate the vertical and horizontal reinforcing steel within the masonry block wall.

BLOCKAID enables the correct placement of steel reinforcing bar and control of joint dowels during the construction of masonry walls. BLOCKAID is the must have accessory!
